

Barber Andrew visits Lukestone Care Home

On Monday 11 July our residents at Lukestone Care Home enjoyed a visit from Andrew the barber.

It was such a great morning that all our men loved, especially seeing their hair in the mirror after their haircuts!

Brian looked particularly **smart and fresh** after his haircut since his hair and beard had got quite long. Many of our gents found the experience very relaxing as Andrew played their **favourite requested songs** so they could sit back and enjoy the hair cut and shave!

As Andrew is taking some time off soon for surgery, we are wishing him a speedy recovery and hoping to see him again soon!

Thanks for coming Andrew – our gents all look very smart!
