

## Caribbean Day in the garden at Lukestone Care Home

On Thursday 22 July our residents at Lukestone Care Home arrived in the sunny Caribbean, as part of our virtual Nellsar Cruise!

We started the day by welcoming our passengers on board and then presenting some fascinating facts about the Caribbean.

We all helped to **decorate our garden** to look like one of the Islands; we had a **surfing club**, **swimming pool** and **cocktail bar** no less!

We played **beach ball** and had **competitive games** such as bean bag tossing and throwing a hoop on the arms of an inflatable octopus, which was the most fun!

The hot day, **colourful decorations** and **tropical music** created a fantastic Caribbean atmosphere.

We had many tropical fruits and snacks to try and a **delicious Caribbean fruit curry**, made and served for lunch by our Chef Mandy.

We relaxed and drank cocktails with **Reggae** and **happy Jamaican songs** in the background during the afternoon – *we all had a lovely time, full of fun!*

Our cocktail bar and swimming pool
