

Celebrating Global Wellness Day at Lukestone Care Home

On Saturday 10 June we celebrated Global Wellness Day at Lukestone Care Home with a fruit party for our residents!

We had a small celebration in our quiet lounge with an assortment of delicious fruits including bananas, satsumas, pomegranate, watermelon and summer fruits; everyone especially enjoyed the watermelon in the heat.

Mihaela, our Activities Lead, decorated beautiful fruity plates which our residents all admired.

Our ladies and gents enjoyed tucking into the healthy snacks, packed full of colour and vitamins. Yum!
