

Celebrating Valentines Day at Lukestone Care Home

Our residents at Lukestone Care Home celebrated a very happy Valentine's Day on Monday 14 February.

In the morning, we covered our tables with **pretty heart print table cloths** and **vases of roses**, and our residents loved helping to decorate Paula's Pantry and our main lounge.

During afternoon we had our main party in the lounge, where everyone came together to **decorate the biscuits we had made** in the morning.

In Paula's Pantry we hosted a small **tea party** with music and snacks. We also had some fun **Valentines-themed Bingo sheets** to play, with pictures instead of numbers to mark off – everything from roses and flowers to lipsticks and love bugs, *great fun!*

We gave each of our lovely residents a **homemade gift bag from all the staff at Lukestone**, which included chocolates, a knitted heart and a little note.

Such a fun and eventful Valentine's Day which we all really enjoyed.
