

## Cotton bud painting at Lukestone Care Home

**On Sunday 28 May our residents painted cherry blossoms pictures using a special cotton bud technique at Lukestone Care Home.**

Mihaela, our Activities Team Lead, suggested we use big cotton buds which we prepared for our residents before the activity.

We used **large sticks and wrapped them thinly with cotton balls**. These were perfect for our ladies and gents to use as they gave a better grip for them to paint.

*Our residents, including Leonard and Gillian, merrily painted their cherry blossoms pink; the results looked beautiful.*
