

## Halloween party fun at Lukestone Care Home

**Last week we held a Halloween party for our residents here at Lukestone Care Home, when our staff took great delight in dressing up in an array of spooky costumes, which were very impressive!**

We really went to town in decorating our **Home** with a whole host of colourful decorations including skeleton bunting, ghosts, bats, owls and black cats on our windows, and a brilliant 'witches and cauldron' cut out picture on the wall.

We had great fun celebrating the day and particularly enjoyed the creepy orange punch (guarded by a very large hairy spider!) and table of amazing freaky cakes!

Our residents loved the party and trying on Halloween hats and masks. We hope you all enjoyed a spooktastically good time like we did!
