

International Day at Lukestone Care Home

On Friday 8 September, we came together at Lukestone Care Home to celebrate International Day.

*It was such of **explosion of colour, taste and customs** as our staff represented and celebrated their countries including **England, Welsh, Ireland, Scotland, Nepal, India, Philippines, Nigeria, Greece, Romania and Bulgaria** – wearing outfits to represent their specific nations and cooking some delicious traditional meals.*

Our talented members of **staff also put on a show, singing and dancing** for our residents, which went down a treat.

It was such an amazing event for celebrating diversity and we all enjoyed coming together to have fun!
