

## **Lukestone Care Home celebrates National Ice Cream Day**

**On Sunday 17 July, our residents and staff at Lukestone Care Home enjoyed celebrating National Ice-cream Day.**

For the event, we attempted to **make our own ice-cream** *which proved rather difficult, even with an ice-cream maker!*

After a couple bumps along the way with our ice-cream machine, we took a tub of ice cream around and let our ladies and gents choose their ice-cream cone, syrups and other toppings!

**Everyone loved decorating their own ice-cream** and we enjoyed seeing **such happy faces!** *...with some residents going back for further helpings! Yummy!*
