

## Lukestone Care Home residents enjoy a lunch and shopping trip

**Three of our residents from Lukestone Care Home went to town this week with staff from our Recreation & Wellbeing Team.**

They took a trip to McDonalds on their way to town for a coffee and snack, and then enjoyed sitting by the river for a while, enjoying the weather.

As part of the outing the group enjoyed ice-creams, a spot of shopping and lunch before heading home. They all really appreciated their trip out and time with each other.
