

Lukestone Care Home residents enjoy a Tickled Pink performance

Our residents at Lukestone Care Home loved watching a lively production called 'Wonderful West End' recently.

The show was a **romantic comedy** starring two actors, who performed all our residents' favourite songs together whilst dressed up in beautiful, colourful costumes – *a real feast for the eyes and ears!*

Lots of our ladies and gents said their favourite part was the **tap dancing**, which they were amazed by.

Such an engaging show, enjoyed by us all.
