

Lukestone Care Home residents enjoy classic vinyl and games

We had a busy week at Lukestone Care Home last week, with lots for our residents to enjoy.

A particular favourite activity for our ladies and gents was listening to *Doris Day*, *Johnny Cash* and *Jim Reeves* on vinyl from our lovely **record player**.

When Charles heard the first tune, he said "*This is real music!*". This feedback immediately confirmed to Recreation and Well-Being Champion Ewa that it was going to prove popular! Everyone thoroughly enjoyed relaxing and reminiscing with the classic tunes.

They've also been enjoying playing **darts** and **Connect 4** at the **Home** – perfect pastimes for these chilly winter days.
