

Lukestone Care Home residents have fun with tie dye

On Saturday 24 September we made a tie dye banner backdrop with our residents for our upcoming Macmillan Coffee Morning which we will be hosting this Friday at our Home.

We prepared an **old bed sheet** for the activity by twisting it and securing it with **rubber bands**.

When we started the activity, some of our residents were confused about the small bundles of cloth in the bucket, however after we explained it was a bed sheet wrapped to be dyed they excitedly put on the gloves and poured different shade of green and blue with gusto!

They had so much fun **turning and tossing the sheet** while emptying the **bottles of dye**. After an entire day of drying, the sheet looked beautiful when unwrapped. *We can't wait to display it at our coffee morning!*
