

Lukestone Care Home residents visit Aylesford Priory

Last week a group of our residents from Lukestone Care Home took a trip out to The Friars at Aylesford Priory.

The Friars is one of Kent's hidden treasures, where visitors can enjoy the breathtaking grounds and stunning medieval buildings. It's a very peaceful place, steeped in history, including a working priory with brother monks in residence.

Our residents enjoyed spending time in the beautiful walled garden, seeing the ducks and geese in the grounds and stopping for lunch in the homely restaurant.

A super outing was had by all - such a calm and relaxing place to be.
