

Open Garden Day at Lukestone Care Home

Every year at Lukestone Care Home we are keen to refresh our garden for the summer months and we host a special Open Garden Day at our Home at the end of May.

We invite volunteers to join us in planting and pruning our garden and make it into a fun day for everyone!

This year we bought flowers and also had some kind plant donations. Our lovely relatives, as well as some residents and staff, came to plant flowers in our hanging baskets and planter, both in our back and front garden, not forgetting the side of our building where we have our lovely painted fence.

We said a big **'thank you'** to everyone by hosting a BBQ in the garden, which was enjoyed by all.

A special thank you to **Dave our Maintenance Man** for getting things ready in the garden, our **Activities Team** for organising the event and of course **Mandy our Chef** for cooking on the BBQ.

And a huge thanks to all our amazing volunteers for making it such a special day.
