

Partying Caribbean style at Lukestone Care Home

Staff and residents at Lukestone Care Home had a fabulous time at their latest themed party on Thursday 28 March.

For '**Caribbean Dreams**', residents ate delicious Caribbean foods including ackee and saltfish, curried goat, jerk chicken and rice and peas – new tastes for many and familiar favourites for others.

For entertainment, residents, staff and guests danced to reggae music courtesy of a local musician who can sometimes be seen busking along Maidstone high street – *amazing!* Some of our residents had a really good dance and a great time was had by all.
