

Tickled Pink Productions visit Lukestone Care Home

On Saturday 3 December we were delighted to welcome Tickled Pink Production to Lukestone Care Home.

They performed their **Christmas show** for our residents and mingled with our ladies and gents individually to engage with them and encourage them to sing along.

Marlene got up and had a boogie, Patricia gave out hugs and Brian sang at the top of his lungs!

Smiles all round, with singing along to all the carols – very festive!

A great performance!
