

## Valentines gift bags at Lukestone Care Home

**On Monday 13 February, we made gift bags with red and colourful hearts to spread the love of Valentine's Day to all our wonderful residents at Lukestone Care Home.**

We supported our residents to make the gift bags which would later be filled with **little heart chocolates** and sealed. After gluing the papers and hearts together we encouraged our residents to sign the **goody bags** they made with their names or initials. Everyone who engaged in the activity was delighted with how they turned out – there was a huge collection of gift bags at the end!

On **Valentine's Day**, these bags were gifted by our Activity Champions to all our residents and staff, made from the effort of their hard work and participation.

*Everyone enjoyed the delicious treats and celebrating the special occasion.*
